## TAFT FAVORS INCOME TAX AS LAST RESORT

Some Striking Effects of the Tariff on Necessities of Life---Other Washington Notes.

WASHINGTON, May 25.—Despite the claims and confident predictions of Senators Cummins, LaFollette, Newlands and others that provision for an income tax will be added to the tariff bill, your correspondent ventures the prediction that they are all mistaken and that no such provision will be made. There will be an effort to add such a provision in the form of an amendment to the tariff bill, but it will fail and the amendment will be referred to the Judiciary Committee with instructions to report next winter an income tax law which will stand the test of the courts and can be drafted. It is highly improbable, moreover, that the Judiciary Committee will ever make any report pursuant to that reference. Some of the Democratic advocates of an income tax law are complaining that they are being opposed by President Taft and that the White House influence is proving effective. That is probably true, for while Mr. Taft has said that he is not opposed to an income tax, he regards it as a last resort and would greatly prefer, first a tax on inheritances, second a tax on the dividends of corporations, and lastly an income tax, if any tax in addition to the tariff is necessary to meet the expenses of the Government. The President has further signified his willingness to wait until next December before recommending any of these laws, as by that time he believes it will be possible to tell whether or not the now pending tariff bill will bring in sufficient revenue.

It is somewhat difficult to understand why the Democratic Senators do not advocate a tax on the dividends of corporations. Such a tax would meet with the cordial approval of the President and probably with that of nine-tenths of the voters. Of course Mr. Aldrich and the rest of the Republican organization in the Senate would oppose such a tax, but it is very doubtful if the organization could command sufficient strength to prevent the enactment of the law. By choosing that form of taxation which the President has declared that he favors only as a last resort the Democrats have, apparently, missed an opportunity to undermine the whole system of protection. Senator Aldrich has ingeniously confessed that he believes the adoption of any form of special taxation will undermine the protective system, because once the people come to realize the benefits of direct taxation, with the clear knowledge of how much tax each man pays and the close supervision of public expenditures which that would produce, the people will insist upon the abandonment of the tariff system. Under such circumstances it would seem to be the part of wisdom on the part of the Democrats to align

themselves behind that form of direct taxation which would be most possible of enactment.

Senator Bailey, in an effort to defend his vote for a duty on iron ore, has assailed practically everyone who has seen fit to criticize him and almost before he took his seat was proven to have given false witness by two of his Democratic colleagues. Bailey attacked Governor Johnson of Minnesota, "Marse" Henry Watterson of Louisville, and an independent paper in his own State because they had criticized his vote for a duty on iron ore. He then declared that the steel trust did not want a duty on iron ore, whereupon Senators Rayner and Smith of Maryland, both Democrats, arose and declared that the steel trust did want such a duty and Mr. Smith said he had been approached by representatives of the steel trust who urged him to vote for a duty on ore.

Some striking effects of the tariff on the necessities which the poor man is compelled to buy are brought to light through a controversy between two Eastern newspapers which appeared to have obtained some confidential figures prepared for the use of the President by Treasury experts. It is shown that on the suit of clothes which retail for \$15, the duty is \$4.76, so that without the tariff the same suit could be bought for \$10.24. A man's overcoat now retailing for \$15 could be bought for \$10.35 if there were no tariff. A woman's cotton dress which now sells for \$10 could be bought for \$5.75 were it not for the tribute which the consumer is made to pay to the manufacturers. A tapestry rug which now sells for \$15 is worth just \$9.64, the extra \$5.36 being the sum the consumer is compelled to pay to the American manufacturer for the same rug which, without a tariff, he could buy for less than \$10. Practically everything is taxed, even salt which costs a cent a pound more because of the tariff and sugar which costs 13 cents more a pound because of the protective policy.

The Secretary of Commerce and Labor is still wondering if he dare dismiss S. N. D. North, Director of the Census, in view of the opposition of the powerful members of Congress who have come to Mr. North's support. The Secretary determined some time ago to get rid of Mr. North, whom he did not regard as competent longer to administer the Census Bureau, but there was a rush of powerful Senators and others to the White House.

There is a man in North Carolina so avaricious that he has arranged to die before an inheritance tax law would go into effect if Congress should pass it.

## Turpentine Man Forced to Kill Negro Near Ocala

OCALA, May 25.—A negro, believed to be Henry Wilson who shot and killed Deputy Sheriff Nicks of Pasco county at Pinyan a few weeks ago, was shot and killed by Mr. Davis, a well-known turpentine man of Weir Park, at an early hour yesterday morning.

Mr. Davis noticed the man and attempted to arrest him, but the ne-

gro fearing arrest attempted to pull a weapon, but Mr. Davis proved a little quicker, one shot doing the work. Sheriff Galloway was notified of the affair by telephone and left here on the afternoon train to make an investigation.

Isn't there something which only a "part ad." can do for you today?

## GEORGIA RAILROAD STRIKE STILL ON

THOUGHT THAT MATTER WILL SOON BE ADJUSTED.

Crawfordville Business Men Appeal to Railroad Commission on Account Shortage of Supplies.

ATLANTA, May 25.—Hope for settlement of the strike of the firemen on the Georgia Railroad centers on the visit here today of United States Commissioner of Labor Charles P. Neill, who is coming from Washington.

Governor Smith yesterday proposed arbitration by a commission of Georgians and the firemen accepted but the railroad did not. Manager Scott, of the Georgia road, however, informed Governor Smith that he will be here tonight to confer with Mr. Neill.

The danger that the strike if prolonged may spread to other railroads became serious yesterday, when Vice-President Ball, of the firemen's organization, said that the diversion of the Georgia Railroad's business to other roads will cause the firemen of those roads to vote on whether or not they will accept diverted freight. It was reported here that 100 cars of Georgia Railroad freight had been diverted over other lines.

Mails and passengers usually carried by the Georgia went by other roads, and in a few instances automobile service was resorted to. Preparations are underway by postoffice authorities to establish an automobile mail service between Union Point and Athens, Ga.

Conflicting reports as to why no trains ran yesterday were spread here. Several of the Georgia Railroad engineers were reported by the strikers to be willing to take their trains out in the day-time, although refusing at night, because of the hazard of being stoned after dark. The strikers claimed that the railroad officials in failing to provide strike-breaking firemen for these engineers were trying to put the situation in a worse light than it warrants. The officials, however, said it was both impossible and dangerous to run trains.

Mr. Ball named as the firemen's representatives on the proposed board of arbitration Judge Horace Holden of Atlanta, John Lee, president of the Georgia division of the Farmer's Union, and Congressman Thomas W. Hardwick of Sandersville.

### Food Lacking in Crawfordville.

ATLANTA, May 25.—W. C. Chapman and twenty-five other business men of Crawfordville, Taliaferro county, yesterday wired the State Railroad Commission that owing to the absence of train service on the Georgia Railroad the people of that town and county are suffering for the necessities of life, and urging the commission to render some assistance toward relieving the present situation.

Chairman S. G. McLendon replied by referring the people of Crawfordville to Section 2283 of the State code with reference to violence during strikes and the responsibility for conditions created. The intimation was that the commission could render no assistance and that civil authorities must be looked to for relief.

## FIVE LIVES ARE LOST BY STORM AND FLOOD

OKLAHOMA CITY, Okla., May 25.—Five persons are dead, at least ten seriously injured, several acres of crops are inundated and every stream in the northern and eastern part of Oklahoma is raging as a result of heavy rains during the last 48 hours.

## LEGISLATURE DISPOSED OF MUCH BUSINESS

House Passed Bank Guaranty Bill, and Killed State Printery Measure---The Senate.

TALLAHASSEE, May 25.—With the starting on foot of a mild investigation, the killing of the Bynum State printing plant bill and the passage of the Taylor State guaranty of bank deposits measure, the House put in a busy session yesterday. A number of other measures were acted upon.

Representative Kelley of Baker defended the State guaranty of bank deposits measure. It was passed by a vote of 31 to 28.

Mr. Hardee introduced resolution to send a committee of three to the Western Union office to see if any of the members of the House have been sending "deadhead" messages, and to make report of same to the House. Adopted.

Resolution by Mr. Mahaffey—To allow no member to speak more than five minutes except the introducer of the bill or resolution. Amendment adopted, striking out "except the introducer." Resolution was adopted.

### Bills on Third Reading.

House Bill No. 608, by Mr. Newton—Regulating the list of pension receivers and creating a State Board of Pensions.

Amendment by Mr. Wells: "Any person, who enlisted in this State and served actively for six months, shall receive the benefits of this act." Lost.

Amendment adopted by Mr. Blanton to include the value of pensioner's wife's property for assessment.

Many amendments lost and ruled out of order.

Amendment adopted to employ a clerk instead of having the work of the board performed by Comptroller's clerks. The bill passed by a vote of 41 to 16.

Mr. Kelly moved for reconsideration today.

In the vote on the pension bill, Hon. James E. Alexander asked that an explanation of his vote be recorded as follows:

"I vote no and in explanation of my vote will say, as a son of a Confederate soldier, I will never vote for any bill or measure that will deny

a liberal and just pension to an old Confederate soldier or his widow—or for any bill or measure that will require an old Confederate soldier to make an affidavit that he is a pauper before receiving said pension. As I consider this bill unjust to the old Confederate soldiers and their widows, I vote no, and wish to go on record as favoring a liberal and just pension law for the old Confederate soldiers and their widows. The present bill is neither liberal or just, in my opinion."

### THE SENATE.

Sixty-one bills passed to third reading, killed or withdrawn was the record made by the Senate Monday. It was the hardest grind of the session and strict business made things hustle over the calendar.

Among the most important measures killed was the House bill by Mr. Wall of Bradford, which provides for the reimbursing of parties losing property or cash by theft.

An important measure introduced was the Flournoy bill providing for coeducation in all the schools, colleges and universities of the State.

Among other bills passed to third reading were: The Cook joint resolution calling for a revision of the constitution; the Hosford bill creating a State forestry commission, and providing for the conservation of the forest resources of the State; and the Humphries bill allowing the Board of Commissioners of State Institutions to sell or lease phosphate beds lying in the waters owned by the State.

The Senate passed to third reading a bill which was amended to allow sheriffs to accept passes, but it killed an amendment offered by Senator Humphries to include newspaper men. Senator Humphries held that it is a reflection upon the newspaper men of the State to say that they would be influenced by free transportation.

Senate Bill No. 368, by Mr. McCreary, relating to the division of counties into road districts, was advanced to third reading.

## YESTERDAY'S RESULTS IN SOUTH ATLANTIC

The results in the South Atlantic League Tuesday were as follows:

Chattanooga 3, Jacksonville 0.  
Macon 3, Augusta 2.  
Columbus 1, Columbia 0.  
Savannah 9, Charleston 0.

## Lynchers Hang Man as Warning to Negroes

LINCOLN, Ga., May 25.—Early yesterday Albert Aiken, a negro, was taken from the Lincoln county jail here and swung to a tree at Dry Fork creek, three miles from Lincoln. The body was filled with bullets. Upon the body was pinned this placard:

"Notice—This is what will happen to all negroes in Lincoln county under similar circumstances."

(Signed) "REGULATORS." Aiken cut John Spires, a white

farmer, Thursday morning. Spires' condition grew worse and he is now reported dying. The white people in Lincoln say that negro secret societies are being formed for illegal acts and the inference is that by the lynching it is hoped to awe the negroes.

### Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lamé back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by all druggists.

### Entertainment in North Gainesville.

An entertainment consisting of an illustrated lecture will be given this evening at North Gainesville Hall for the benefit of the Young People's C. E. Society. The object is a worthy one and a number of citizens from the city are expected to join with the good people of this section in making the affair a grand success.

### Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill-feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are sold by all druggists.

## GRAND BALL CLOSES THE WEEK OF GAIETY

MANY PRESENT FROM ALL SECTIONS OF STATE.

Building Had Been Beautifully Decorated, and Presented a Most Inviting Appearance.

The closing exercises of the commencement of the University of Florida terminated last night when the young men of the school gave a grand ball at the beautiful Elks Club, located on West Liberty street.

For this occasion there was a large number of visiting young ladies from all sections of the State and it was one of the greatest occasions of the kind given in the city for some years, a large number taking part in the dancing.

The entire building had been beautifully decorated for the occasion, and the committee in charge are to be congratulated in looking after every detail that would add pleasure and comfort to the occasion.

The graduating exercises, which were held at the High School Auditorium, were of a rather lengthy but pleasing nature, and they will be covered fully in The Sun tomorrow.

## BABY SHOW WILL BE HELD THIS AFTERNOON

## BRYAN'S TRIBUTE.

Approach of the recent observance of Mother's Day, says The Tampa Tribune, we recall an eloquent tribute which was delivered by William J. Bryan at Fredericksburg, Va., during the famous campaign of 1896 to the mother of Washington. Said the noted orator:

Fredericksburg is not a large city and yet it is rich in incidents of great historic value. Here the women of America have reared a monument to Mary, the mother of Washington. I am glad to stand on this spot; I am glad to feel the influences which surround her grave. In a campaign, especially in a campaign like this, there is much of bitterness, and sometimes of abuse, spoken against the candidates for public office, but, my friends, there is one character, the mother—a candidate for the affections of all mankind—against whom no true man ever uttered a word of abuse. There is one name, mother, which is never found upon the tongue of the slanderer—in her presence all criticism is silenced. The painter has, with his brush, transferred the landscape to the canvas with such fidelity that the trees and grasses seem almost real; he has even made the face of a maiden seem instinct with life, but there is one picture so beautiful that no painter has ever been able to perfectly reproduce it, and that is the picture of the mother holding in her arms her babe. Within the shadow of this monument, reared to the memory of each one of us, I bow in humble reverence to motherhood.

## FINISHING WELL.

This is the time when in most places schools are closing for the summer vacation, and the "commencements" of schools and colleges are a reminder that thousands of young people are being graduated to enter upon their life work.

To many young people there comes the temptation in the last year of school to let up a little on their studies because of the feeling that as the end is so near it does not matter. For more than one reason this is a mistaken idea. The last year's work should be the fitting crown of the work of previous years. Then, too, the last year in school is to be considered in its relation to the future. In most cases a young man passes directly from school to his life work.

As the word "commencement" indicates, his life is not closing when he leaves school. It is really opening before him with all its possibilities, and if fullest success is to attend that life he must be adequately equipped. This means that the young person must finish well at school in order to commence well and continue well in the business or profession which he enters. It is not alms but thorough work that wins.

A certain authority says that the man who "does not provide for his family is worse than an infidel." The same man with equal truth be said of the man who does not stand by his own town. To speak disparagingly of one's town, to point out its shortcomings and be silent as to its merits, to trade elsewhere and care not if the home merchants starve—all this is unpatriotic and is the same in character if not in degree with the action of men who constantly praise other countries at the expense of their own.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

## STATE PRESS COMMENT.

As a Last Resort!—"By not hold the Legislature in special session throughout the summer and see if the sweat-box will not induce it to do something for the State? It is up to the Governor.—Pensacola Journal.

Experiment Station Work—An interesting account of the operations of the Florida Agricultural Experiment Station was given in the address of Prof. Rolfs at the State Horticultural Association convention at Daytona, Wednesday. He stated that the mailing list now includes 14,000 names. This gives an idea of the number of the really enterprising agriculturists and horticulturists of Florida.—Times-Union "Short Talks."

A Plea for the Women—Some member of the Legislature, if he will be quick about it, can win deserved renown if he will secure the enactment of a law permitting all girls and women to carry, concealed or unconcealed, untaxed and without license, revolvers, dirks, bowie knives, gaffing guns and any other deadly weapon they may choose. The result of such a law might be the occasional killing of an innocent man, but almost any man of proper spirit is willing to die for the protection of our women. What's one man's life as compared with the safety of a dozen or more women?—Punta Gorda Herald.

## WITH THE PARAGRAPHERS.

One would think it easy enough to cut the tariff on razors.—Pensacola Journal.

Well, may be they'll try to stop baseball too, but then somebody is going to get murdered.—Jacksonville Floridian.

Blue laws are as nothing compared with some of the would-be laws now pending in the Florida Legislature.—Times-Union.

No use trying to live the simple life. A couple had lived in a cavern for just three weeks, then the police nabbed them.—Times-Union.

When a trust like the American Sugar Refining Company is caught red-handed in cheating the Government or a municipality and is found guilty and sentenced to pay a fine, its members try to escape a criminal action by throwing all the blame of the thievery upon their employees. It is encouraging to learn that this plea will not hold in the case of the above company for the Government intends to bring a criminal suit. The Sugar Refining Company defrauded the Government of the duty on 75,000,000 pounds of sugar and the city of New York of a vast sum for water it had surreptitiously taken and it is only right that the principals who thus cheated and stole should receive adequate punishment. To them a fine of \$1,000,000 is no punishment, but hard labor within the walls of a penitentiary would be.

## Act Quickly

and you will save yourself a lot of suffering and trouble. If you have a sudden chill—or take cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in a half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when there's pain to subdue. New size bottles 35c., also in 50-cent sizes.

If you have found anything see if it is advertised in the Want column.

## REAL ESTATE ACTIVE OVER ENTIRE COUNTY

MANY CHANGES MADE DURING  
THE PAST SIX DAYS.

Gainesville is Easily the Leader of  
Any City in the State on Pro-  
gressive Business.

During the past week there have  
been over sixty real estate transfers  
in all sections of the county, which  
shows that the people are very ac-  
tive after Alachua county dirt.

There are few places in the State  
that can boast of the activity in  
business that Gainesville now pos-  
sesses, and the coming year promises  
to excel all former efforts. Follow-  
ing are the changes:

## NATURE TELLS YOU

As Many a Gainesville Reader Knows  
Two Well.

When the kidneys are sick,  
Nature tells you all about it.  
The urine is nature's calendar.  
Infrequent or too frequent action.  
Any urinary trouble tells of kidney  
ills.

Doan's Kidney Pills cure all kidney  
ills.

People in this vicinity testify to  
this.

Joe Eckert, Thompson street,  
Sterks, Fla., says: "I am very glad  
to recommend Doan's Kidney Pills  
as they proved of great benefit to me.  
The passages of the kidney secretions  
were irregular and when the secre-  
tions were allowed to stand they de-  
posited a sediment. My back ached  
intensely and was very lame and sore,  
making it hard for me to stoop or  
lift. I could not rest well and morn-  
ings upon arising I was tired and  
worn out. I at length heard of  
Doan's Kidney Pills and deciding to  
give them a trial, I procured a box.  
This remedy effected a complete cure.  
The backaches and the lameness dis-  
appeared and my kidneys became  
normal."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., New York,  
sole agents for the United States.

### Whooping Cough.

This is more dangerous disease  
than is generally presumed. It will  
be a surprise to many to learn that  
more deaths result from it than from  
scarlet fever. Pneumonia often re-  
sults from it. Chamberlain's Cough  
Remedy has been used in many epi-  
demics of whooping cough, and al-  
ways with the best results. Delbert  
McKeig of Harlan, Iowa, says of it:  
"My boy took whooping cough when  
nine months old. He had it in the  
winter. I got a bottle of Chamber-  
lain's Cough Remedy which proved  
good. I cannot recommend it too  
highly." For sale by all druggists.

### The Alternative.

"If the window had been eight feet  
from the ground," pouted the young  
wife, "instead of eight stories, I'd  
have thrown myself out when you  
quarrelled with me. Then you'd have  
had to be sweet to me when you  
picked me up. A lot of wives attempt  
suicide, they say, just to be petted  
when they come to."  
"Yes," said he, "but sometimes they  
don't come to, remember."—New York  
Press.

### Positive Reasons.

The Minister—Mackintosh, why don't  
you come to church now? Mackintosh  
—For three reasons, sir. Firstly, I  
dinna like yer theology; secondly, I  
dinna like yer singin', and, thirdly, it  
was in your kirk I first met my wife.

## BASEBALL FEVER IS NOW WARMING UP

REAL CONTESTS BETWEEN CIT-  
IES SOON TO COME.

Other Places in State Have Organized  
and Teams Will Soon Enter  
Contests.

The baseball fever is now getting  
warm in all sections of the State and  
Manager Davis is not behind them  
as he has already selected the great-  
est number of his club artists for the  
season.

In speaking with the reporter yester-  
day he stated that it would be  
only a matter of a short while before  
he would have his men hard at work  
and they would do their best to prove  
the winning team this season.

Gainesville has always enjoyed the  
reputation of having the best club of  
the State and only one season in the  
past fifteen years has she been found  
wanting in the baseball line.

Now that "good old summer time"  
is on the people are getting anxious  
for this pleasant pastime, and we  
have the assurance of Mr. Davis that  
our expectations of a "cracker jack"  
organization will be realized.

It would be a capital idea for some-  
thing to be done in the way of a min-  
strel or other performance to be got-  
ten up as a benefit to assist the boys  
as a starter. A subscription is usual-  
ly taken among the business firms,  
but a plan of this kind would prove  
a money-maker for the boys for it  
would gather considerable loose  
change that they would never get  
otherwise, and in this manner the  
business men would not be asked to  
contribute so liberally as heretofore.

### HAD LOCK ARRESTED.

Henson Has Warrant Issued for At-  
tempted Murder.

W. J. Lock of Wilcox, postmaster  
and merchant of that place, is among  
the visitors to the city, having come  
to answer to a warrant which was  
issued for his arrest.

Henson, the express messenger who  
shot him in the hand and arm a few  
weeks since and who was only re-  
cently released from custody in Jack-  
sonville and afterwards released un-  
der bond for his appearance here at  
the next term of court, is the man  
that had the warrant issued charging  
him with attempted murder.

This case will doubtless prove a  
very interesting one, and will be  
watched with much interest.

## NOTHING TO PAY

Hyomei is Guaranteed to Cure Ca-  
tarrh or Money Back.

When you suffer horribly from ca-  
tarrh and are constantly sniffling and  
snuffling, hawking and spitting, and  
doing other disgusting things, remem-  
ber there is a certain cure, called  
Hyomei (pronounced High-o-mei),  
which is guaranteed to cure.

Hyomei will give joyful relief to  
any catarrh sufferer in five minutes  
and it gives remarkable relief to con-  
sumptives.

Hyomei is medicated air prepared  
from the extracts taken from the giant  
eucalyptus trees of inland  
Australia, where catarrh or consump-  
tion are never known.

You breathe in this healing and  
antiseptic air through an inhaler and  
this air, with its peculiar soothing  
properties, passing over the inflamed  
and germ-ridden membrane (for  
catarrh is a germ disease), kills the  
germ, allays the inflammation, and  
in a short time completely cures the  
disease.

A complete Hyomei outfit, which  
includes a hard rubber inhaler that  
will last a lifetime, and a bottle of  
Hyomei, costs only \$1.00, extra bot-  
tle cost 50 cents. Sold by leading  
druggists everywhere and in Gaines-  
ville by J. W. McCollum & Co., who  
guarantee it on the money-back plan.

## MI-ONA Cures Indigestion

It relieves stomach misery, sour stom-  
ach, belching, and cures all stomach dis-  
ease or money back. Large box of tab-

## BAYED BY HOUNDS NEGRO ATTEMPTS SUICIDE

CHARGED WITH MURDERING A WIDOW AT LIMA, OHIO.

Attempt at Suicide Failed and Negro Was Captured Not Seriously Hurt.

LIMA, O., May 25.—Hunted at night and finally driven to bay by the police and bloodhounds, John W. Beam, a negro attorney and real estate dealer, accused of murder, attempted to end his own life. He was arrested on the charge of murdering Mrs. Estella M. Diltz, a young widow, who was shot Sunday night at her own home as she opened the front door in response to pounding upon the door. He is not seriously injured.

While it was first thought that the motive for the murder had been found in business transactions between Mrs. Diltz and the negro, a search of Beam's papers in his office indicated that Beam was in love with the widow, but whether the crime was due to his suit being repulsed or whether there was a quarrel is unknown.

A letter addressed to his wife in endearing terms was found, in which Beam told of his love for Mrs. Diltz, which had extended over two years and that his calls upon her accounted for his hours at night. In concluding the letter directs: "Have Estella and myself buried side by side that we may arise before the Almighty God together."

LIMA, O., May 25.—Rumors that a mob was forming, with the intention of lynching Beam, caused Sheriff Van Gunten to remove his prisoner from the city hospital to the county jail last night. Beam was escorted to jail under a heavy guard. Beam is now in the strongest cell in the jail and a strong guard is maintained about him.

Dr. U. S. Beam, a brother of the prisoner and a wealthy citizen of Lima, closed his office and left for his old home in Kentucky yesterday. Colored people urged him to leave, as it was feared he might be lynched if he remained here. Feeling ran high against him. Dr. Beam's wife is a white woman and this aided in infuriating the residents against him.

### CUTICURA REMEDIES ENTIRELY CURED HER

"About two years ago I contracted eczema and suffered intensely for about ten months. At times I thought I would scratch myself to pieces. My face and arms were covered with large red patches, so that I was ashamed to go out. I was advised to go to a doctor who was a specialist in skin diseases, but I received very little relief. I tried every known remedy, with the same results. I thought I would never get better until a friend of mine told me to try the Cuticura Remedies. So I tried them as the last resource, and I am very glad that I did, for after four or five applications of Cuticura Ointment I was relieved of my unbearable itching. I used two sets of the Cuticura Remedies (Soap, Ointment and Pills), and I am completely cured. I always recommend Cuticura to any one that is suffering and in every case it seems to cure. Miss Barbara Kral, 629 Mt. Pleasant Ave., Highlandtown, Md., Jan. 9, '08."

### Fretful Babies Suffering from Skin Humors, Soothed to Sleep by Cuticura.

Guaranteed absolutely pure and may be used from the hour of birth.

Cuticura Soap (25c), Ointment (50c), Resolvent (50c), and Chocolate Coated Pills (25c), are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 137 Columbus Ave., Boston.

### President Finley on Forests.

That the wise management of the forests is regarded by President W. W. Finley, of the Southern Railway, as a necessity in the development of the South is strongly brought out in his recent address to the student body of the University of Georgia.

"In my opinion," said President Finley, "the economic importance of the management of our Southern forests so as to secure from them the largest present profit consistent with their preservation can not be overestimated. In addition to their influence upon stream flow, tending to diminish the destructiveness of floods and to maintain higher water for navigation and for the generation of power in dry seasons, they form the foundation of our woodworking industries."

"Until comparatively recent years the North Atlantic States predominated in furniture manufacturing and other wood-working industries. Timber supplies in that section have been almost exhausted and these industries are following the rapidly receding forests into the South and West, greatly increasing the value of our timber lands."

"If Southern wood-working industries are to thrive in years to come, they must be assured of a constant supply of their raw material. This can be brought about only by the adoption of scientific methods of forestry by the owners of our woodlands."

### A Living Skeleton

Is the final condition of any child that has worms—if it lives. Think of having something in your stomach that eats all you take as nourishment. Nine-tenths of the babies have worms—maybe yours has. ### Josephine's Many Names.

Josephine, empress of the French, was Yvettie to her intimate friends. Her name in reality was Marie Josephine Rose. Napoleon after the marriage exacted that she should be known as Josephine. He had a mania for baptizing the women of his entourage. He made his sister Marieanne an Elise, of Annouclade a Caroline, of Paulette a Pauline.

Among her numerous friends Josephine remained Yvettie. Barras never called her otherwise.

The pope was so unfamilar with her name that when he sent his benediction the letter term by his legate was addressed to "Our Sister in Jesus Christ, Victoria Bonaparte."

In 1814, on the departure for Elba, the Debut designated Josephine under the paraphrase "the mother of Prince Eugene."

At Re-ill her tomb bears this staphle inscription: "A Josephine, Emome e Hortense, 1825." The restoration did not permit her recognition as empress.—Crie de Paris.

## How Alexander Untied the Knot.

By Herbert Kaufman.

Alexander the Great was being shown the Gordian Knot. "It can't be untied," they told him; "every man who tried to do it fell down."

But Alexander was not discouraged because the rest had flunked. He simply realized that he would have to go at it in a *different* way. And instead of wasting time with his *fingers* he drew his sword and slashed it apart.

Every day a great business general is shown some knot which has proven too much for his competitors, and he succeeds because he finds a way to cut it. The fumbler has no show so long as there is a brother merchant who doesn't waste time trying to accomplish the impossible—who takes lessons from the *failures* about him and avoids the methods which were their downfall.

The knottiest problems in trade are:

- 1—The problem of location.
- 2—The problem of getting the crowds.
- 3—The problem of keeping the crowds.
- 4—The problem of minimizing fixed expenses.
- 5—The problem of creating a valuable good will.

None of these knots is going to be untied by fumbling fingers. They are too complicated. They're all involved together—twisted and entangled over and about each other—so intertwined that they can't be solved singly—like the Gordian Knot *they must be cut through at one stroke*. And you can't cut the knot with any sword except the newspaper—because:

- 1—A store that is constantly before the people makes its own neighborhood.
- 2—Crowds can be brought from anywhere by daily advertising.
- 3—Customers can always be held by inducements.
- 4—Fixed expenses can only be reduced by increasing the volume of sales.
- 5—Good will can only be created through publicity.

Advertising is breeding new giants every year and making them more powerful every hour. Publicity is the sustaining food of a *powerful* store and the only strengthening nourishment for a *weak* one. The retailer who delays his entry into advertising must pay the penalty of his procrastination by facing more giant competitors as every month of opportunity slips by.

Personal ability as a close purchaser and as a clever seller doesn't count for a hang so long as other men are equally well posted and wear the sword of publicity to boot. They are able to tie your business into constantly closer knots, while you cannot retaliate because there is no knot which their advertising cannot cut for them.

Yesterday you lost a customer—today they took one—tomorrow they'll get another. You cannot cope with their competition because you haven't the weapon with which to oppose it. You can't untie your Gordian Knot because it can't be *untied*—you've got to *cut* it.

You must become an advertiser or you must pay the penalty of incompetence.

You not only require the newspaper to fight for a more *hopeful* tomorrow, but to keep *today's* situation from becoming *hopeless*.

## GAINESVILLE, University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the sugar-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations, has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Hon. J. G. Dampier, chairman of the Board of County Commissioners, was in the city yesterday. He has recently sold some valuable farming lands to R. D. Medlin and was here for the purpose of getting the matter straightened up and turning it over to the purchaser.

C. L. Thigpin of Waldo was among the visitors to the city yesterday, accompanied by his little daughter. Mr. Thigpin states that vegetables are moving through Waldo in large shipments at present and that trains loaded with melons and cantaloupes can be seen daily.

Miss Winnifred Pedrick departed yesterday for Spartanburg, S. C., to visit her sister, Miss Rosabel, and attend the commencement exercises of Converse College, of which the latter is a student. Miss Winnifred will spend several weeks in that section, while her sister will return to her home here.

T. J. Capers, one of the oldest commercial men of this section in the shoe business, was here yesterday meeting his numerous friends. Tom being a former Gainesvillean, feels an interest in the baseball boys here, and will very likely be found backing them when the baseball season opens up in earnest.

Col. W. E. Kay and family of Jacksonville have been in the city for the past two days attending the closing exercises of the State University, on account of their son graduating at this institution. They were located in the private car of Capt. Riddell during their sojourn in the city, Col. Kay being the assistant general counsel of the A. C. L. railway.

The regular meeting of the Woman's Missionary Society of the Presbyterian church will be held this afternoon at the church at 4 o'clock. The meeting will be led by Mrs. H. C. Denton and the watchword will be "Salvation." The country spoken of will be Mexico. The ladies who attended the recent meeting of the Missionary Union at Live Oak returned full of pleasant memories and missionary zeal. It was a delightful meeting, and the delegates will give a report of it at this meeting. Let every member be present.

The growth of this Bank is proof conclusive that its business is being conducted in a manner highly satisfactory to its thousand patrons. We would appreciate some of your business.
